As we entered the month of March, the annual employee service awards was initiated, with some exemplary recipients across divisions. The service awards for 2022 are outlined below:

5 years of service:	222 recipients
10 years of service:	57 recipients
15 years of service:	26 recipients
20 years of service:	2 recipients

We congratulate all recipients on this achievement and wish them the best with the furtherance of their employment paths at the company.

Our preferred training provider, GPR Training Academy, was showcased on DSTV Channel 144 during March. We are proud to be part of such an upcoming provider, where we have almost 400 learnerships at present. Well done with their television exposé.

As we move into April, we wish all employees and clients a restful Easter period, with love and joy accompanying you and your families. May we move into the winter season with warm hearts.

Charis vd Merwe, Chief HR & Training Officer
